

T3-175 Textile Boom

the safest, most reliable method
of handling large textile and vinyl rolls

Features

High tensile pole with slender tapered tip
Wide back plate for less damage
Fast installation and removal
Quick detachable pole
Low mount pole for small roll pick up

Models available

Fork mounted
Shaft mounted

Options

Various diameters and capacities
Centre or top mounted poles
Quick disconnect mounting

Total Textile Booms can be installed on any standard forklift truck in a matter of seconds, eliminating manual handling of long, heavy textile bolts.

High tensile pole with a slender front end taper and wide face plate ensures maximum lifting capacity while reducing damage caused by misalignment of the forklift when entering the core.

Carriage mounted models can be quickly secured to the forklift truck with a minimum of effort.

Saves on serious back injuries!
