

T33BS Battery Stand

heavy duty storage stands with acid resistant rollers
for all industrial forklift batteries

Features

Acid resistant rollers and roller bushings (no ball bearings).
PVC roller sleeves
Adjustable legs for different battery heights.
Mechanical front lock.

SINGLE BATTERY STAND

Options

Single or double stands.
Top charger shelf
Roller beds to suit various battery sizes and weights
Raised roller bed for high mount batteries.
Battery stands to suit most applications.

DOUBLE BATTERY STAND WITH OPTIONAL CHARGER SHELF

Total Battery Stands are available in numerous sizes and capacities to suit all industrial batteries. Every stand is manufactured from fully welded structural steel and all rollers are PVC covered with acid resistant end bearings (no ball bearings to rust). Height adjustment is attained by raising or lowering heavy duty screws located at all four corners.

Make easy work of storing and changing large, heavy industrial batteries!
