

# T5 Mechanical Boom

simply turns your forklift truck  
into a versatile mobile crane

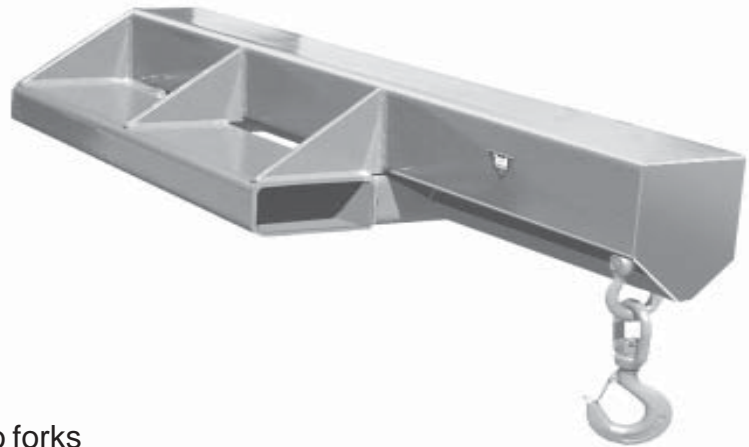

---

## **Models available**

Capacities to suit all forklift trucks  
Numerous lengths

## **Options**

Carriage Mounted Models  
Multiple hook locations  
Large fork pockets  
Wide fork spread mounting  
Raised boom for extra height

## **Features**

360 degrees swivel hook with latch  
Safety chain at rear to secure boom to forks  
Fast installation and removal from forklift truck  
converts it quickly to conventional use

**Total Fork Mounted Mechanical Booms** are the safest way of temporarily converting your forklift truck into a mobile crane, giving it the capability of lifting many awkward loads.

Each boom comes with fork pockets to suit a particular fork size and it is secured to that fork with a quick latch safety chain that prevents the boom from moving forward.

The 360 degree swivel hook comes with a safety latch that stops the sling or chain from disengaging.

**Fast conversion from forklift to mobile crane!**
